- **16.** Raise and appropriate \$ 5,000 and place in the **Expendable Trust for Revaluation of Town Property**. (The Selectmen Recommend Passage of This Article.)
- 17. Raise and appropriate the sum of \$3,000 for the purpose of supporting the Family Resource Center at Gorham. (Placed on the Warrant by the petition of 10 Randolph residents). (The Selectmen Recommend Passage of This Article.)
- **18.** Raise and appropriate the sum of \$2,500 for the purpose of supporting the Gorham Community Learning Center in Gorham. (Placed on the Warrant by the petition of 15 Randolph residents). (The Selectmen Recommend Passage of This Article.)
- 19. The residents of the Town of Randolph hereby record their opposition to any future non-winter use of the rail trail through this town by ATV's. Such use would deprive people of the ability they now have to use the trail for walking, biking, and enjoying peaceful scenery. This is especially important for those less ambulatory, who still deserve to enjoy these beautiful areas. (Placed on the Warrant by the petition of 31 Randolph residents).
- 20. To see if the Town will vote to name the small mountain north of Lowe's Store, west of Mt. Randolph, elevation 848 meters, Mount Lowe after all the Lowes who were early settlers of Randolph. (Placed on the Warrant by the petition of 17 Randolph residents).
- 21. To see if the Town will vote to authorize the conveyance to the State of New Hampshire of conservation easement interests in the following listed tracts of land owned by the Town, said conservation easement interest to be either in the form of an amendment to, or substantially similar to, the existing conservation easement interest held by the State in the Randolph Community Forest (Pond of Safety Tract) at Book 0980, Page 0175 in the Coos County Registry of Deeds, and further to authorize the Selectmen to execute all documents and take all other actions required to carry out the intent of this vote.

The Town-owned tracts embraced by this vote include the following (acreages approximate):

- (1) The "Farrar Farm," Tax Map R14, Lots 3, 3A and 4 (79 acres);
- (2) Tax Map R14, Lot 5 (4.5 acres) acquired by tax deed;
- (3) The "Boothman Tract," Tax Map R10, Lot 32 (5 acres);
- (4) Tax Map U11, Lot 4A (10 acres) used as a parking lot; and
- (5) The "Carpenter Tract, Tax Map R15, Lot 9A (11.3 acres).
- 22. To see if the Town will vote to instruct the Selectboard to enact the following resolution to protect citizen health, safety, and quality of life; water resources and environmental quality; and local, regional, and state economies with respect to the transport of crude oil through New Hampshire. (Placed on the Warrant by the petition of 18 Randolph residents).

To see if the Town will vote to instruct the Selectboard to enact the following resolution to protect citizen health, safety, and quality of life; water resources and environmental quality; and local, regional, and state economies with respect to the transport of crude oil through New Hampshire

WHEREAS, 18" and 24" pipelines were constructed across northern New Hampshire in 1950 and 1985, respectively, to transport imported light crude oil from Portland, Maine, to Montreal, Quebec; and

WHEREAS, abundant production of heavy crude and tar sands oil in western North America has created a market for transportation of these oils to Atlantic ports; and

WHEREAS, these market conditions suggest that reversing the direction of flow on the above-mentioned pipelines could become economically desirable in the foreseeable future; and

WHEREAS, spills of diluted tar sands oil create more costly and difficult clean-up challenges than conventional oil spills, including public health risks from toxic fumes and long-term water and riverbed contamination from sunken oil; and

WHEREAS, a significant spill of any petroleum product along the pipeline Right-of-Way in New Hampshire would have a devastating effect on the economy and environment of Randolph, including property values, business, tourism, recreation, hunting and fishing; and

WHEREAS, pipeline age and the hydraulic stresses resulting from reversal of flow can contribute to the likelihood of a spill; and

WHEREAS, existing technologies and practices for inspecting pipeline integrity have failed to prevent catastrophic pipeline failures.

NOW, THEREFORE, BE IT RESOLVED:

- That the Town expresses its concern regarding the transport of tar sands oil through New Hampshire and the Town of Randolph due to economic, environmental, and public health risks of such transport; and
- That the Town strongly encourages the New Hampshire General Court and the U.S. Congress to take all reasonable steps to ensure that any proposed flow reversal of the Portland-Montreal pipeline receives thorough review at both state and federal levels of economic, environmental, and public health and safety impacts, including the impact of spills; and
- 3. That the Town transmits a copy of this resolution to all relevant state, federal, and other pertinent entities.
- 23. Transact any additional business that may legally come before this meeting.

A True Copy...Attest

Frederic Wier,

Michele Cormi

2013 SELECTMEN'S REPORT

The year began with a finding by the New Hampshire Board of Tax and Land Appeals in favor of the Town, immediately followed by a motion to reconsider. The BTLA ruled in short order that this motion had no merit and the finding stood as issued. Thus ended a string of five cases starting in 2011, with the Town prevailing in all of them.

In other legal actions Randolph, along with many other towns in the state, was faced with property tax appeals for equipment, poles and rights of way from Northern New England Telecom, FairPoint Communications and West River Road LLC. These cases are being heard in Merrimack County Superior Court. The Town is being represented by Gardner Fulton and Waugh and Avitar Associates.

Public Service Company of NH is appealing the same items with the Board of Tax and Land Appeals in Concord. In this case we are being represented by Upton and Hatfield of Conway and Concord, NH and Avitar Associates. In both cases we are sharing expenses with other towns to control cost.

In other news the Town's first semiannual billing of property taxes started in June. Despite a rather steep learning curve our new Tax Collector negotiated it well. From the Selectmen's point of view it has produced a smooth flow of monies, with at no time any thought being given to Tax Anticipation notes.

The FEMA Dam Stabilization Project was completed in early fall. The work was done by Gordon T. Burke and Sons Inc. of North Conway. Currently a plan is being developed with the State Departments of Environmental Services and Fish and Game and the Randolph Foundation for dredging of the pool area.

The Randolph Hill Road Committee of five completed a study of engineering and construction practices used in the reconstruction of the Hill road. Provan and Lorber Engineering of Contoocook, NH was hired to do the investigation. Their conclusion was that engineering and construction practices were acceptable, and that the cracks were caused by frost penetration. They recommended annual crack sealing and storm sewer cleanout every two or three years. Both were done this year.

Another case of exceptional generosity by Randolphians was displayed by David and Dodie Willcox with their donation of the 79 acre Farrar Property to the Town Forest. Thank you, David and Dodie!

A culvert replacement program has been started on Durand Road. Three have been replaced and four more are scheduled for 2014. The Town has received some grant money and is applying for more.

Becky Boothman has retired from her position as Forest Fire Warden and is being replaced by her son Jeff Parker. Thank you, Becky, for your many years of service to the Town

The 2014 Revaluation of Property is moving along. A big thank you to our summer residents who made special arrangements to allow our assessor to enter their buildings.

Last but certainly not least, the Selectmen thank Sally Baldwin for answering our call to act as our Administrative Assistant until we were able to search out and get a candidate for the position. The successful candidate was Linda Dupont of Gorham. Already Linda has digitized many of the files. Her plan is to do most everything electronically. This fits in well with the Department of Revenue Administration's plan to require electronic filing of its numerous forms starting in 2014. Our Town will be ready. In addition Linda has taken many of the DRA and Municipal Association courses. We are very fortunate to have her.

Respectfully submitted, Ted Wier for the Board of Selectmen

Auditors' Report

This is to certify that on June 3, 2013 we completed an examination of the books, vouchers, bank statements and other financial records of the Tax Collector, Town Clerk, Treasurer, Selectmen, Trustees of Trust Funds, Library Trustees and Forest Commissioners for the fiscal year ending December 31, 2012 and find them to be correct and in order.

Respectfully submitted:

Wendy Walsh

LIBRARY REPORT 2013

First, I would like to introduce myself to the town of Randolph. My name is Amy Cyr and I became Library Director of the Randolph Public Library on September 4, 2013, upon the resignation of Yvonne Jenkins, who held this position and did a wonderful job for many years and is greatly missed. My husband and I are from Maine and have two grown daughters. I completed my master's degree in library science this past August and am amazed at how fortunate I am to have found my ideal job, and in such a welcoming and kind community, too.

In 2013, the library operated 14 hours per week; circulated 2091 items; acquired 304 new books and DVDs, through both purchases and donations; added 34 new patrons and had 1852 patron visits. Public computers and wireless Internet access continued to provide a valuable service on at least 250 occasions this past year, and it was also available for use outside of the library 24 hours a day. Interlibrary loans (ILLs) continued to increase with 85 books borrowed from other libraries and 80 books lent from the Randolph Public Library. Our online catalog is now available to use from home; the library has a new web site, accessible from the Town of Randolph site; and we can also be found on Facebook.

The library offered many services and events in 2013, such as a children's book group after school on Wednesdays, a summer story hour, adult book groups, potluck dinners and singalongs, the annual book and bake sale and the use of the White Mountain Room for game nights, cultural events and other functions. The success of the library, and its services and programs, was due in large part to the dedicated and active Friends of the Randolph Library group and committed library volunteers. With money from both the book sale and a personal donation, a telescope to lend to patrons has been ordered for the end of March, along with a large selection of puppets, depicting animals found in New Hampshire, which will be displayed for use in the Children's Room upon arrival.

It has been a delight getting to know the patrons, Trustees, Friends of the Library and volunteers and I have been astonished at how much a small town and library can achieve!

Respectfully submitted,

Amy Cyr

Library Director, Randolph Public Library

Report 2013

To Randolph Residents;

Well another year has gone by real quick, lots happened, please watch your neighbors hames, people are breaking in and stealing copper pipes so please write down plates numbers and call me or Kevin with anything suspicious.

I want to thank Mike Steele for his service to the people of Randolph when needed, he was there to help. Due to health reasons, he had to resign. Again, thank you for your service, Mike.

Randolph Fire Department

Report for 2013

The Randolph Fire Department had a quiet year again in 2013. The majority of the department's calls continue to be for assisting the ambulance at motor vehicle accidents. There were no major fires in Randolph again this year. We continue to be active in the North Pac Mutual Aid System assisting other departments in Coos County, with the majority of the assistance going to the towns of Gorham and Jefferson.

The fire department continues to have a firehouse pancake breakfast in August. This seems to have become a town favorite that residents look forward to. The fire fighters enjoy the activity as well as many residents which is evident by the cooks that come to the station to assist us. As always thank you for the support and assistance.

The department also continues to hold a Christmas party for the children of Randolph. Once again this was a huge success with the children showing us their talents and receiving a special gift from Santa. Santa did his annual reading of 'Twas the Night before Christmas" for a captive audience. This year the firefighters saw an increase in the toddler population which was particularly enjoyable. A good time was enjoyed by everyone who attended.

As in the past, we are always looking for people to join the Randolph Fire Department. We continue to seek men and women over the age of 18 who are interested in helping in any way. This year the department did not gain any members.

Again, I would like to thank the members for their continued support and dedication to the town and their department.

As a reminder, the town has chimney brushes which are available for use by anyone in town and can be obtained at the fire department. Another important safety tip for all homes is to remember to change the batteries in your smoke detectors. Anyone who needs a smoke detector or needs to replace one that is over ten years old, feel free to contact a member of the fire department. Batteries are also available for the detectors if needed. Another good investment for your home is the purchase of a carbon monoxide detector. Have a fire safe year in 2014.

Respectfully Submitted,

Dana Horne, Randolph Fire Chief

Report of Forest Fire Warden and State Forest Ranger

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing <u>ANY</u> outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

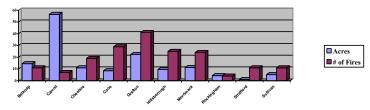

This past fire season started in late March with the first reported fire on March 26th 2013. April, which is the traditional start to our spring fire season, started very dry with little measurable precipitation until the middle of the month. Approximately 70% of our reportable fires occurred during the months' of April and May. The largest fire was 51 acres on April 29th. 81% of our fires occurred on class 3 or 4 fire danger days. By mid May, extensive rains began which provided us with a very wet summer overall. We had a longer fall fire season due to drier than normal conditions following leaf fall. Fortunately most of these fires were small and quickly extinguished. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2013 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

ONLY YOU CAN PREVENT WILDLAND FIRE

Randolph Life Squad 2013

It has been a busier year for the Life Squad. This year we responded to approximately 18 calls, as opposed to 10 to 12 in previous years. The calls have been evenly split between motor vehicle accidents and medical calls. Please remember, having your house number clearly visible from both directions helps emergency responders find you more quickly.

The Life Squad sponsored 2 CPR & First Aid trainings for the public and recertified the Fire Department in CPR last spring. There are plans to offer classes again this year if interest is there. Please contact Barbara Arnold (barnold@ne.rr.com or 466-2438) for more information.

Gorham EMS continues to be an invaluable resource for the Life Squad, not only providing prompt & professional care to Randolph residents, but also including the Squad in all their trainings. We are very fortunate to work with such a dedicated group who deliver quality care.

We are also very grateful to the support the Town & residents have shown us. It means a lot when a simple thanks is given. The Selectmen & Linda make the paperwork end of things much easier; we couldn't keep it going without all of you.

The squad continues to be in dire need of new members. Currently we are a squad of three: Barbara Arnold, Bill Arnold, & Patrick Galligan. Pagers make it easy to be "on call" without being tied to a phone and the cost of training is covered by the squad. Please consider joining us.

Respectfully submitted,

Bill & Barbara Arnold, co-directors

Randolph Cemetery Report of 2013

The cemetery committee has again been active this past year with helping families in burial details, with maintaining cemetery grounds, and with the development of a new perennial ledge garden at the Randolph Hill Cemetery.

There have been a number of burials at the Durand Road Cemetery. Let us remember: Tom Sappington, Bob Savage, John Eusden, ChenSun Campbell, Elisabeth Burns, and Dan Tucker. We may have missed some burials at the Durand Cemetery in that we do not have in place a procedure like at the Randolph Hill Cemetery which requires a right of burial whether it be by cremation or full body burial. We ask families who have loved ones cremated and buried at Durand Road Cemetery to please notify a Trustee so that we can update our map for all those who are now part of Cemetery.

Interest for lots at Randolph Hill Cemetery increases; however, we only have one paid commitment. The Randolph Hill Cemetery has some 235 lots (down from 240) of open surveyed lots that are available. These are located at the upper end of the cemetery running west to east toward the flagpole. Suzie has a map showing lot availability. We encourage a visit to the Cemetery for your choice of the rest of the best.

Karen has been the most active member in the development of Randolph Hill ledge garden and the walkway around the flag pole. We wish to express our thanks to Renee Dunham and Elissa Gramling in their help in the design which incorporates both mid summer color along with minimal perpetual care. Additionally we would like to thank those that donated perennials for this project together with Auven Kenison who used his equipment to move large stones for the garden cairn. We invite you, once the warm weather returns, to visit the Randolph Hill Cemetery and the new gardens. Hopefully, this place will encourage you to purchase your select lot. You can enter the Cemetery either by the lower main gate or by the stone wall at the upper end of the Randolph Church parking lot. Karen welcomes anyone to help with weeding and watering during the dry summer months. Please contact her for coordination of best times.

We have had the unsightly mounds of burial fill removed from both the Durand and Randolph Hill Cemeteries. Our vision is to maintain the tranquility and peace of both Cemeteries with views of Adams and Madison and not low lying hills and dead flowers or decaying plastic. We ask those that place gravesite flowers or other memorabilia to follow the guidelines for placement and removal which will aid in the maintenance and beauty of both Cemeteries.

The revised Bylaws and Regulations, the Application of Right to Burial, and the Certificate of Right to Inter documents are working well and do help in lot selection and future interment, minimizing the involvement of a mortician or a monument provider. Copies of these documents are posted at the Town Hall and/or available from Trustees.

We will be holding a Cemetery Meeting in August and encourage those who have questions or have suggestions that might help us with our responsibilities as your Trustees to please attend. Cemeteries help communities like ours tell a collective history of those who have for generations chosen Randolph as their home. Your ideas and thoughts are always welcomed. We will publish the meeting place/date/time in The Mountain View and in the Weekly during July.

Trustee Steve Hartman completes his 3-year term and is on the ballot for another 3-year term. (This seems election-engineering, but here, we are trying to be informative and not vote getting.)

As always, all Cemetery Trustees are available to address questions and/or issues.

Submitted by the Trustees of the Cemetery.
Steve Hartman (Chair), Suzie Santos, Karen Eitel

2013 Annual Report of the Randolph Conservation Commission

The RCC is responsible for the proper utilization and protection of natural resources and watershed resources of the Town. The Commission conducts researches and obtains information pertinent to proper utilization of such areas. (Paraphrased from RSA 36-A:2.) To this clearly stated mandate the RCC has been actively and responsibly committed.

In recent years we have been decidedly local, but this year, thanks to environmental issues of a much broader scope, our focus has encompassed other New England states and Canada, but has always remained within the context of our own home town.

We have also worked with many organizations, including but not limited to: the National Wildlife Federation, the Audubon Society, Trout Unlimited, the Society for the Protection of NH Forests, the AMC, the Natural Resources Defense Council, the Portland Pipeline Corporation, the NH Department of Environmental Services, and other commissions, planning boards, and select boards in Maine, NH, and VT. To what end? It is our job as your conservation commission to **pay attention** to the possibility that tar sands oil may get pumped through the middle of Town, to the Northern Pass issue, and to ATV's, for example, driving on our rails-to-trails.

We have represented Randolph and made our presence felt in Concord and Washington, DC as well as other venues across the state. In fact, our efforts have helped to jump-start initiatives in the five "pipeline communities" of New Hampshire and to support informed inquiries in these towns.

In the spirit of joining Maine and Vermont we are submitting a petition to be voted on at our annual Town Meeting to go on record that we as a town are **paying attention**, to ensure "...that any proposed flow reversal of the Portland-Montreal pipeline receives thorough review at both state and federal levels of economic, environmental, and public safety impacts..."

It is the consensus of the members of the RCC that we should protect our wetlands and insure preservation of the water resources for the Town. We are also agreed that being proactive is vital and to do nothing is an untenable position for the Commission.

Respectfully submitted,

Jim Hunt

Forest Commission Report

This year the Forest Commission is pleased to announce the completion of the Second Stewardship Plan for the Randolph Community Forest (RCF). This plan reflects a lot of hard work by our professional forestry team and input over the past 10 years from the entire community.

Ten years ago, the First Stewardship Plan for the RCF was approved and put into effect. At that time, a great many people made the effort to participate in outlining a vision for the future of the Forest. That vision provided the basic structure of the First Stewardship Plan (2003 – 2013) and has been largely preserved in the statement of purposes for the Second Plan. This Plan has two main goals: to record the achievements made during the First Stewardship Plan period and to lay out the expectations for the Second Plan period.

The Second Stewardship Plan has the following purposes:

- To continue to meet the requirements of the Conservation Easement between the State of New Hampshire, Department of Resources and Economic Development, and the Town of Randolph, New Hampshire
- To document the state of the resource situation within the Forest as it exists in 2013 and how it has changed since 2003, describing the history of the land area where relevant.
- To review the activities carried out under the First Stewardship Plan and to build upon them.
- To develop a new action plan which lists the proposals for timber, road, wildlife, and recreation management and for research and educational activities to be undertaken during the life of the Second Plan.
- To document the working relationship which exists between the Town of Randolph and the United States Forest Service with regard to the joint management of certain roads within the Forest and adjacent areas of the White Mountain National Forest and, where relevant, outline actions needed in furtherance of that relationship.

Among the accomplishments in the First Plan period was the creation of a town forest website, which can be found on-line at www.randolphforest.org. On our website viewers can learn of recreational opportunities on the Forest, current work projects being undertaken, view a copy of the Stewardship Plan and other important forest management documents, read meeting minutes, and get up to date information on what is happening on the Forest. Some recent posts on the website include Dog Sledding on the Community Forest, Caught on Video-The Eastern Coyote, and current timber harvesting activities at the Ledge Timber Sale. A newly added feature to the website is a voluntary E-mail sign up which allows individuals to have alerts sent to their e-mail address when new posts are made to the website. This voluntary sign up feature is located on our home web page.

Another important accomplishment during the First Stewardship Plan was the Randolph Community Forest becoming a certified Tree Farm in 2007. Certification through the American Tree Farm system assures the public and community that the land is being managed for long term sustainability in accordance with the best management practices in effect at the time.

Forest Commission Report

(continued)

At this past year's town meeting the voters approved the proposed Crystal Mine Ordinance, designating the Crystal Mine as an important natural resource worthy of enhanced protection. With the provisions of this ordinance now in place, it is hoped that this hidden gem of the Community Forest will be further protected from degradation by unscrupulous individuals.

At the annual Forest Tour in August, members of the Forest Commission and our Forestry Team reviewed the activities carried out in the Forest during the last year and described the broad outlines of the Second Forest Plan being prepared presenting its goals, specific proposals for timber harvesting, and recreational and wildlife habitat activities. The public was encouraged to participate with questions, suggestions and comments.

On the field part of the Forest Tour, the group travelled along the Pond of Safety Road with stops to look at some of the activities carried out under the First Stewardship Plan: the trailhead parking lot established to promote traditional outdoor recreation, areas harvested to further the goal of encouraging the growth of high quality saw timber, softwood regeneration sites created to improve animal habitat and the health of the forest, permanent wildlife openings put in place to encourage the proliferation of variously species of wildlife, and transects laid out for possible future educational and research opportunities. A stop was also made at an area where an upcoming timber harvest has been proposed. Our forester explained the considerations he evaluated when determining the choice of harvest locations and goals he wished to accomplish with the forestry prescription he had planned.

It was also announced at the Annual Forest Tour that the 77 acre Farrar Farm had just been donated to the Community Forest by Randolph residents David and Dodie Willcox. This important addition to the Community Forest expands the width of the north south corridor of land protected from development along Rt. 2. The expansion of this corridor will allow for a wider natural wildlife passage linking the Kilkenney and Presidential Units of the White Mountain National Forest. This donation also triggered the inclusion to the Community Forest of an additional 4.5 acres of previously owned town land further expanding this north/south link.

Also during the summer, the Forest Commission was pleased to host a visit of the recently appointed Eastern Regional Forester, Kathleen Atkinson (USFS). Ms. Atkinson oversees a total of seventeen national forests and grasslands in Illinois, Indiana, Maine, Michigan, Minnesota, Missouri, New Hampshire, Ohio, Pennsylvania, Vermont, West Virginia and Wisconsin. During her visit Forester Atkinson toured the Randolph Community Forest and learned the history of the 10,000-acre Community Forest, and the working relationship between the town and Forest Service. The group traveled along the Pond of Safety road, stopping at a new wildlife opening, as well as the beautiful, remote Pond of Safety itself.

This fall the Ledge Timber Sale was put out to bid and the contract was awarded to Hicks Logging a local logging contractor from Jefferson. Harvesting began in December and with an anticipated completion date of March 2014.

All in all it has been an exciting and busy year on the Randolph Community Forest. The Forest Commission encourages everyone who has an opportunity to get out on the Forest and enjoy this treasured town resource.

Respectfully submitted, The Randolph Forest Commission

Planning Board Report

During the past year, the Board attended to several small projects which came before them for consultation and review and held several public hearings to gather public input in regards to the Crystal Mine and building permit amendments to the Land Use Ordinance.

In April the Board hosted the annual municipal law update meeting which consisted of a review of new laws passed by the legislature and an explanation and discussion of how they may affect current subdivision and land use regulations as they may pertain to the town.

The Board also attended to its annual responsibilities involving the Randolph Community Forest. The upcoming year's proposed forest budget was reviewed and approved and a public hearing was held to present the first draft of the Randolph Community Forests' Stewardship Plan for the next ten years. After considering the public comments that were heard, a final draft of the plan was prepared by the Forest Commission and approved by the Planning Board.

This year the Planning Board has submitted three proposed amendments to the Land Use Ordinance to be voted upon at town meeting. The first, dealing with new driveways is the most comprehensive of the three.

During the last couple of years, several new driveways have been built which have caused some maintenance difficulties due to water runoff and erosion where the newly constructed driveways intersected with town roads. Because the town did not have detailed specifications as to how driveways should be built, landowners were on their own to decide how best to construct their driveways where they joined with town roads. This proposed amendment, if approved, will rectify this difficulty by requiring that proven driveway design standards be utilized where newly constructed or altered driveways intersect with town roads.

The second amendment deals with the demolition of buildings. Currently there is no notification process to the town that structures are being demolished or torn down. This has caused hardship when a landowner discovers at a later date that a structure that had previously been removed was still being taxed as continuing to exist. Requiring that a demolition permit be obtained before a structure is demolished will help notify the town of the structures removal. The permit process will also ensure proper notification to public utilities serving the structure to be removed, and if the proposed structure is within 25 feet of adjacent landowners, those landowners will be notified of the pending demolition.

A third proposed amendment creates a permit process for the installation of advertising signs, consolidates the definition of what constitutes a sign, and adds a new subsection which would require that all signs that are to be illuminated at night be done so in a manner so that light does not shine upwards into the night sky.

The Planning Board would like to encourage the passage of all three proposed amendments.

The Planning Board meets on the first Thursday of each month and the public is invited and encouraged to attend.

Respectfully submitted The Randolph Planning Board

The Gorham Community Learning Center

The Gorham Community Learning Center is a non-profit, NAEYC accredited childcare program that serves children from ages 18 months to 12 years old. We are open year round and provide vacation and summer programs. We currently serve 68 children from the Gorham, Randolph, Shelburne, Milan, Berlin and Conway areas.

We continue to work closely with the SAU 20 to ensure that our children have seamless transitions into Kindergarten. Our open communication allows us to use the same curriculums such as Social Thinking and Handwriting Without Tears. This allows us to familiarize the children with terminology and systems to ensure academic success. We also continue to visit the Ed Fenn for Reading Buddies and Library weekly.

2013 Highlights:

- In January, Melinda Beaulieu was hired as the new director.
- Melinda has spearheaded the transition to using Teaching Strategies Gold, an online research-based evaluation tool for children from ages 18 months to kindergarten.
- GCLC was awarded a grant through The Neil and Louise Tillotson Foundation to purchase iPads, training, materials, and mentoring in order to help implement TS Gold throughout Coos County.
- The GCLC is one of 10 centers in the state to receive a Business of Childcare Grant. This grant provides the tools necessary to evaluate business strengths and weaknesses, with training to improve on those areas.

Annual Report of the Family Resource Center To the Town of Randolph January 14, 2014

FRC Project Youth Afterschool Program: 41 of the 93 students at the area Middle School (grades 6-8) were enrolled in our Afterschool Program. Over the 2012-2013 academic school year we note the following:

71% of students maintained or increased Social Studies Grades 62% of students maintained or increased Language Arts Grades 32% of students maintained or increased Math Grades

Afterschool Social Enrichment Activities

November 2012: Veterans Appreciation Dinner for all North Country Veterans – Students sponsored an annual Veterans Appreciation Dinner at the American Legion Post #82, serving 100 and interacted with Veterans and their families from many towns in Coos County. This year students created and mailed personal invitations.

January 2013: Master Chef- Students choose a recipe they are interested in, research the country/culture of origin, create posters, create a shopping list, make their dish, and present their dish and its history to invited parents, school staff and community members. This year, we all even ate with chopsticks in honor of the Chinese New Year.

February 2013: Students choreographed and practiced a series of dances set to specific songs chosen by the students and performed their skit for all invited guests from the community.

March 2013: Students created their own games, including: Bowling, At the Races, Yum Yum and Your Guess Is As Good As Mine, for a Carnival put on for GCLC students. Beverages served were named by their Spanish flavors which were learned earlier in the month.

April 2013: Students held a 'Purple Up 4 Military Kids' field day at Community Field in honor of the children and youth that sacrifice so much when their parent(s) are deployed.

May/June 2013: as part of the Global Youth Service Initiative, students planted flowers and trees at Libby Pool. The flower garden was intended to keep our

pollinator populations healthy and vibrant while adding beauty for patrons. The tree planting was intended to help prevent erosion along the river bank, while acting as a natural fence line. Students also visited residents of Coos County Nursing home and served scrumptious desserts and spread good cheer while they socialized with the elderly citizens.

Family Support Programs: The FRC continues to deliver quality family support services to local families including **Toddler Time** for area. At Toddler Time infant to age 3 children and their caregivers are provided healthy activities designed to improve relationships and strengthening parenting capacity.

In the **Deployment Cycle Support Program** FRC staff provides supportive services to area families whose parent or child is engaged in the pre-deployment, deployment and post deployment cycle of US military service.

FRC's **In Home Family Support Programs** brings experienced case workers into the homes of local families to help heal family dynamics and provide support and referral services to re-energize positive family relationships and re-engage these families into the fabric of the community.

In 2013, with the continuous generous support of local businesses, we continued our traditions of supplying area area families & children with **school supplies**, winter coats & gear and holiday food baskets and gifts.

We continue to host **Senior Meals** on a weekly basis and otherwise make the FRC available for community gatherings and meetings. Given our current economic climate these assistance programs were particularly welcomed by many.

Volunteer Income Tax Assistance: 65 area families reaped the benefits of FRC's free Volunteer Tax Assistance Program (VITA) in tax year 2012. County-wide a total of 455 families collected over \$540,000 in Federal Income Tax returns due to the FRC's VITA program.

We sincerely thank the people of Randolph for their past and continuing support of the FRC. We are proud of the many relationships we have forged as we work together towards a healthy and vibrant place for families. We look forward to many years of continued collaboration with our neighbors here in Randolph.

ANDROSCOGGIN VALLEY REGIONAL REFUSE DISPOSAL DISTRICT 2013 ANNUAL REPORT OF DISTRICT ACTIVITIES

For 2013, no assessments were made to the member municipalities for the District Budget. A surplus of \$249,975.68 from the 2012 budget was used to reduce apportionments with the net assessment for each member municipality being covered by the Mt. Carberry Landfill Budget. In addition, there will be no assessments to the member communities for the 2014 Budget.

Our Materials Recycling Facility processed a total of 1,574.59 tons of recyclables, for the period January 1, 2013 through December 31, 2013, representing \$205,407.46 of marketing income to the District.

For calendar year 2013, our Transfer Station received 2,449 deliveries from District residents for a total of 559.47 tons of bulky waste and construction and demolition debris. In addition, our 324 commercial accounts delivered 288.58 tons of bulky waste and construction and demolition debris and 227.14 tons of wood. Recycling at the Transfer Station consisted of 1,040.77 tons of wood that was processed through a grinder, 171.82 tons of scrap metal; 405.06 tons of leaf and yard waste and 200 tons of brush which was chipped with the District owned chipper. In addition, 259 refrigerators/air conditioners; 128 propane tanks; 5,605 tires; 15,883 feet of fluorescent bulbs; 300 fluorescent U tubes and HID lamps; 301 pounds of ballasts and 74.46 tons of electronics were recycled. We also received 1,070 gallons of waste oil from our residents which was used in our waste oil furnace to heat the recycling center. Transfer Station recycling income totaled \$30,309.40. The District owns and operates the Recycling Center and Transfer Station.

Election of officers was held at the District Annual Meeting in April 2013: Linda Cushman of Jefferson was re-elected Chairman; Ray Aube of Randolph was re-elected Vice Chairman and Clara Grover of Errol was re-elected Secretary-Treasurer. Other District Representatives are: Raymond Holt of Dummer, Yves Zornio of Gorham, Michael Rozek of Berlin, Paul Grenier for the Coos County Unincorporated Places, Richard Lamontagne of Milan, Michael Phillips of Northumberland and George Bennett of Stark.

In June, the District conducted its twenty-second annual Household Hazardous Waste Collection Day. The collection was held at the District Transfer Station with 287 households participating. The project was funded through the District Household Hazardous Waste Fund with a \$25,000 payment from the Mt. Carberry Landfill Budget. No assessment was made to the District communities. In addition, a grant from the State of New Hampshire reimbursed the District at \$0.171 per capita. The next Household Hazardous Waste Collection Day will be held Saturday, June 7, 2014 at the District Transfer Station.

2013 was the eleventh year of operations for the AVRRDD Mt. Carberry Landfill. Since purchasing the landfill in December 2002, no assessments have been made to the District municipalities for Mt. Carberry Landfill operations, with income raised through landfill tipping fees covering operating expenses. The landfill is operated, under contract with the District, by Cianbro Cord.

Respectfully submitted,

Sharon E. Gauthier

Sharon E. Gauthier Executive Director To the residents of the Town of RANDOLOPH, N.H.

From State Representative Marcia Hammon

February 2014.

The N.H. Legislature is at its midpoint of its 2013-2014 biennium. I was elected by ballot November 2012 to represent District 5. It has been an honor to serve you at the General Court. I strive to represent citizens of Carroll, Jefferson, Randolph and Whitefield at the State House and at the Coos County level. It has been a privilege to converse with you on the street or by social media.

I serve on The Public Works and Highway Committee. This bipartisan group determines which bridge, road, and other infrastructure projects reach the House floor for a vote. Last year, discussions included the gas tax, the women's prison, the National Guard, the Capital budget, the reopening of the Memorial Bridge and local projects, WMRHS, the White Mountains Regional School District's, CTE project.

I admire your continued efforts to stand against the international effort to deliver tar sands through your pristine and mountain-graced beauty. I sponsored a bill (House Bill 1376) to address Randolph and Coos County's worries, co-signed by state-wide sponsors, including Senator Jeffrey Woodburn.

I too am concerned by the Portland-Montreal Pipeline plans to re-use, to reverse the flow and transport a heavy petroleum product. I spoke at a Trailbreaker protest at the Rogers' Rangers Bridge in Lancaster January 25, 2013. I provided a message of our environmental urgency at the Earth Day gathering at Durand Pond. Both day's weather proved why we need energy to heat our homes in the Northeast.

The PMPL passes alongside Jefferson's Elementary School, and through many property owners' lands in Lancaster, Jefferson and the length of Randolph. The multi-billion Oil Companies, Enbridge and Exxon-Mobil in particular, have been eyeing this property for transport of Alberta shale -derived heavy petroleum. The product is mixed with toxic and volatile chemicals to produce bitumen, or dilbit.

Plans to push tar sands oil from north to south at higher pressure through this sixty-year old pipeline to South Portland for export raise my "environmental" and "public safety" fears. Our children, the public, our habitat for hunting, the entire environment, especially the water quality of numerous streams, are potentially threatened

Our Governor Maggie Hassan has frequently visited the North Country to address our pressing issues. Our Congressional leaders, Senator Jeanne Shaheen and Representative Ann McLane Kuster have raised our employment, energy and fuel needs in Washington, D.C. I am proud to represent and give you voice in N.H.'s State House.

It is an privilege to serve as your Representative. I can be reached at my e-mail, marciahammon837@gmail.com or 603-837-2109.

November 13, 2013.

Chairman & Members of the Board Randolph Board of Selectmen Durand Road Randolph, NH 03593

Dear Mr. Chairman and Members of the Board:

Northern Human Services' The Mental Health Center in Berlin respectfully requests that the Town of Randolph continue its support of this agency through an appropriation in the amount of \$339.00 at the 2014 Town Meeting. This amount represents a \$1.00 per capita contribution based on figures from the most recent census. These funds will be used exclusively for the support of outpatient services provided through The Mental Health Center.

Over the past 47 years this agency has provided mental health services to hundreds of people living, working, raising families and going to school in the Androscoggin Valley area. Outpatient mental health services are not funded by state or federal dollars. They are expected to support themselves through client fees, third-party insurance payments, and through local support such as contributions from towns, cities and the United Way. In order to make these services affordable to all persons in need of them, fees are adjusted according to the recipient's ability to pay. Your present and past appropriations have enabled us to follow this practice, and your support this year will assure its continuance. We see these services as the backbone of our communities' mental health efforts and as essential in the prevention of more serious emotional, social and community problems.

We fully appreciate the pressures, financial, social and emotional, that all sectors of our local communities are experiencing at this time. These pressures are resulting in a significant increase in persons seeking our services at a time in which there has been a severe crossion of the health insurance hase supporting providers such as us. More than ever we need your ongoing assistance to continue to provide your citizens with the care they are seeking.

Please advise me as to what, if any, additional steps I need to take to insure that this item appears in the warrant. I would be happy to come before you and/or the Budget Committee to more fully discuss this request and to respond to any questions that you might have regarding it and the services provided by this agency.

On behalf of the Randolph residents we serve, I thank you in advance for your consideration of this request.

Sincerely,

Charles P. Cotton Area Director

November 14, 2013

Board of Selectmen Town of Randolph 107 Durand Road Randolph, NH 03593

Dear Selectman:

Tri-County Community Action is requesting \$600.00 in funding from the Town of Randolph to help support its Community Contact Program. Community Contact is the field services arm of the Tri-County CAP. Our purpose is to assist low-income, elderly and handicapped persons to solve problems and meet their physical and financial needs. We accomplish this by providing information, counseling, referrals, budget counseling, guidance and organizational assistance and by effectively linking households with CAP assistance programs and using community resources.

Below is a breakdown of assistance that the CAP Community Contact office provided to Randolph residents over the last year:

	<u>HOUSEHOLDS</u>	DOLLA	R AMOUNTS
Fuel Assistance 2012-2013	7	\$	5,700.00
Electric Assistance 2012- 2013	3	\$	1,323.00
TOTAL	10	\$	7,023.00

Community Contact provides necessary services for the less fortunate citizens in our communities, who would otherwise have to seek help from the town. We are depending upon funding from your town and neighboring communities countywide. The local funds are combined with the Community Services Block Grant, Fuel Assistance and NH Emergency
